Chapter 1

Executive Summary

Chapter 2

Introduction

Chapter 3

Background

Chapter 4

Methodology

Chapter 5

Conducted research

5.1 Portability of the code

5.2 Reproducibility of the results

5.3 Exploration of other algorithms

Chapter 6

Elasto-inertial turbulence

6.1 Background

6.2 Methodology

6.3 Results

6.4 Discussion

Chapter 7

Data analysis pipeline
